Szkoła letnia: International school of synthesis of new materials

Data i miejsce szkoły

Szkoła będzie miała miejsce w budynku Centrum Nanotechnologii Politechniki Gdańskiej.

Termin 4 – 10 sierpnia 2013.

Cele szkoły:

Szkoła ma za zadanie przybliżyć studentom techniki stosowane w syntezie materiałów, w szczególności techniki wzrostu kryształów. Dyskutowane będą aspekty defektów i szeroko pojętej charakteryzacji materiałów. Sesja piątkowa będzie poświęcona bieżącym tematom, w tym: samoorganizujące się materiały, nanokryształy i grafen.

Wykładowcy i tytuły wykładów:

Izabela Grzegory

From Jan Czochralski to high-pressure nitride growth – the development and topics of crystal growth in Poland

Duffar Thierry

Thermodynamics of crystal growth

Peter Vekilov

Nucleation and Growth Kinetics

Jeffrey J. Derby

Continuum transport of heat, mass, and momentum in crystal growth processes: Fundamentals and computational modeling

Katsuo Tsukamoto

In-situ observation of crystal growth by advanced optical methods

Antoni Dabkowski

Growth from melt

Peter Wellmann

Vapor (PVT) (with focus on SiC and AlN)

Tomasz Klimczuk

Solution growth of intermetallic compounds

Peter Rudolph

Crystal defects

KAPITAŁ LUDZKI
NARODOWA STRATEGIA SPÓJNOŚCI

UNIA EUROPEJSKA
EUROPEJSKI
FUNDUSZ SPOŁECZNY

Darell Shlom

Epitaxial Growth - from Basic Concepts to Reality

Alois Krost

Metalorganic Vapour Phase Epitaxy of GaN on Si: from Principles to Devices

Klaus H. Ploog

Pivotal Role of Molecular Beam Epitaxy (MBE) in the Development of Nanoscience and Nanotechnology

Maria Gdaniec

Fundamentals of crystallography

Elke Meissner

Characterization (electrical, optical, structural, chemical)

Juan Manuel Garcia Ruiz

Biomaterial and Biomimetic Crystallization

Dorota A. Pawlak

Self organizing materials

Elias Vlieg

Nanocrystals

Jacek Majewski

Graphene - Chemistry and Physics of Epitaxial Growth

Michał Leszczyński

New trends and challenges in crystal growth in scientific and commercial aspects

| | Sunday 4th August | Monday 5th August | Tuesday 6th August | Wednesday 7th August | Thursday 8th August | Friday 9th August |
|---------------|---|--|--|--|--|---|
| | | Fundamentals and Modeling | Bulk growth techniques | Epitaxial techniques | Defects and Characterization | Topical sections |
| 7.00 - 8.15 | | Breakfast | Breakfast | Breakfast | Breakfast | Breakfast |
| 8.30 - 10.00 | Arrival | Thermodynamics of crystal growth T. Duffar, SIMAP Grenoble, France | Growth from Melt A. Dabkowiak, McMaster University, Canada | Epitaxial Growth - from Basic Concepts to Reality Darell Shiom, Cornell University, USA | Fundamentals of crystallography Maria Gdaniec, A.Mickiewicz University, Poland | Biomimetic and Biomimetic Crystallization M. Garcia Ruiz, University of Granada, Spain |
| 10.00 - 10.30 | | Coffee | Coffee | Coffee | Coffee | Coffee |
| 10.30 - 12.00 | | Nucleation and Growth Kinetics Peter Vekilov, University of Huston, USA | Vapor (PVT) (with focus on SiC and AlN) P. Wellmann, University of Erlangen, Germany | Metalorganic Vapour Phase Epitaxy of GaN on Si: from Principles to Devices A. Krost, Universitat Magdeburg, Germany | Characterization (electrical, optical, structural, chemical) | Self organizing materials D. Pawlak, ITME, Poland |
| 12.00 - 14.00 | | Lunch | Lunch | Lunch | Lunch | Lunch |
| 14.00 - 15.30 | Registration | Continuum transport of heat, mass, and momentum in crystal growth processes: Fundamentals and computational modeling J. Derby, University of Minnesota, USA | Solution growth of intermetallic compounds Tomasz Klimczuk, Gdansk Technical University, Poland | Pivotal Role of Molecular Beam Epitaxy (MBE) in the Development of Nanoscience and Nanotechnology K. Ploog, FDI, Germany | | Nanocrystals E. Vlieg, University of Nijmegen, Netherlands |

Zapisy na szkołę letnią.

Udział dla doktorantów WCh PG, WFTiMS PG, WETI PG oraz IMP PAN jest bezpłatny. Zgłoszenia prosimy przesyłać na adres interphd@pg.gda.pl, z kopią do: tomasz.klimczuk@pg.gda.pl. Format zgłoszenia:

Nazwisko:

Imię:

Jednostka:

Rok SD:

Czy została dostarczona deklaracja uczestnictwa w Projekcie i formularz danych osobowych?: T/N

Na zgłoszenia czekamy do dnia 25.07.2013.
